

Online & Phone Bidding

Online Bidding

Can't make it to the sale? You can watch, listen and bid through DLMS.

DLMS was created to resemble a real auction. It provides the ability to take part in the sale from anywhere in the world. Live video and live audio from a ringside camera allow you to watch the sale as if you were sitting in the stands.

All bidding is done in REAL TIME, which means that if you are bidding on the internet, your bid reaches the ring as soon as you click the button. If you are on dial-up internet, the experience will be the same, except that the live video will be a still image.

To become a bidder for The Lifetime Sale please follow these steps:

1. Visit www.dlms.ca for more information on how the DLMS bidding system works and to fill out a registration form. This is where you will create your username and password allowing you to take part in the sale.
- 2 . Contact Heather or Erin @ Barn Spider for DLMS technical support:(403) 646-6209 and we'd be happy to discuss your browser requirements and any potential purchases.

Phone Bidding

There will be telephone bidding available at the sale. If you would like to be on the phone with someone while a particular horse is selling, please contact us in advance to discuss purchase options.

Equine Insurance

Hartford Insurance will be available for those who require their services.

Please note: there is no cell service at the ranch
